The Ultra Rad is Keypad-based radionic box which boasts a high-energy core blasting out chi energy-- 24 hours a day, seven days a week.

With all the psionic boxes out there, what makes it different? For starters, the Ultra-RAD pursues simplicity. No complex maneuvers. Not fancy rituals. No stickpads that just don't stick. No dials that frustrate you till you pull your hair out. We are sparing you all that. Now, setting a trend is as simple as focusing while punching in the key pad. It's utmost convenience!

The Bottomline: We've designed the Ultra Rad for the novice who wants rapid results without the head scratching you get from more complex, high-powered machines.

INSIDE THE BOX

The energy-core fills up HALF the radionic box. It is a matrix of powdered quartz, three chi conducting metals, magnets, microchips, whole crystals, royal jelly, healthful magnets and aqua resin... all powered by a sizzling mobius loop.

The circuit is designed to max the life of your battery. Alternatively, you can power it with an AC-DC Adapter, provided that it churns out 3V DC at 50mA to 100mA.

With electricity, the energy-core radiates ten times as much chi energy as when it is off. **Perfect for those psi-draining rituals like psychic seduction and remote influence!** Oh... it's great for weight loss regimens too!

OUTSIDE THE BOX

Deploying a keypad, we eliminate doubt as you home in on the target/trend of your manifestation. Simply focus on the desired action and punch in the first three numbers that come to mind. The box then freezes the numbers as structural links representing your intent. You get maximum accuracy and minimum guesswork.

Three plates exist for your trend and target and alternative target. You simply put symbols on the plates. Don't forget to focus while putting the symbol on the plate. Remember, also, to key in a three digit code after each symbol. This further refines the energy towards your manifestation.

To further aid you, a scalar resonating crystal broadcasts your thoughts on the wings of the ether.

In a hurry? Can't wait to seize those dreams? You can easily boost the output of the Ultra Rad by joining the box with Jobet Claudio's ultra powerful MiniMe generator. On the left side of the keypad is a baby jack that easily facilitates the link-up. Quadruple the power in a flash!

USAGE

- 1) Plug in the unit. 6 to 9V is ideal
- 2) Get a symbol of your target (like a picture of you) and a symbol of your trend (like a drawing of a bank vault). Get a symbol of an alternative target to receive energies that fail to reach its destination (like a rock or a mountain)
- 3) Place the target on the top left well plate. Focus on yourself while hovering your fingers over the buttons. The first three numbers that come to mind are the RIGHT numbers that you should press. Often this will appear in your mind. Your gut also will tell you the

UNLEASH THE POWER!

- right answer.
- 4) Now place the trend on the bottom well/plate. Focus on what you want to happen to the target while hovering your fingers over the buttons. The first three numbers that come to mind are the numbers that you should press. Often this will appear in your mind's eye; your gut will tell you. Press the numbers
- 5) Do the same for the alternative target. This will divert energy to another destination that may backlash to you in case

- the primary target rejects your energy
- 6) The combination of symbols and structural rates from the key pad should naturally give you an accurate home-in on your desired effects!
- 7) Leave and forget. DO NOT think about the operation anymore. Go about your regular business. If you keep thinking about your desires, you hold back the energy.
- 8) Be confident that the universe is already acting upon your

thoughts. You may shut off the unit after 10minutes. Don't worry, the energy is still broadcasting as long as the symbols are on the plate.. **Ideal battery energizing time is 15 min.**

- 9) Give a week for manifestation. Often you will receive opportunities that lead to the desired results. ACT UPON THEM!!!

Have fun manifesting!
